

Report number: **37/2020**

Date of issue: **2020-12-01 15:57**

Subject: **Information on the turnover generated by the subsidiary on POLPX [TGE].**

Contents of the report:

The Management Board of Centrum Nowoczesnych Technologii S.A. with its registered office in Sosnowiec (the "Issuer") informs that in connection with the sales and purchasing of electricity by the subsidiary GET EnTra Sp. z o.o. on 01.12.2020 (the "Subsidiary") the total value of turnover on the Polish Power Exchange (the "Exchange", the "POLPX") in the period from 20.10.2020 to 01.12.2020 amounted to PLN 62,886.5 thousand. The above value comprises transactions for the purchasing and sales of electricity and natural gas with delivery dates falling in the period October 21st - December 31st2022. The transaction with the highest value concluded in that period was a package of transactions as of October 23rd2012 comprising purchasing and sales of electricity with a total value of PLN 16,195.8 thousand, with delivery dates in the period from October 24th2012 to December 31st2021.

The aforementioned transactions are executed by the Subsidiary as part of its core business of energy trading, which consists in particular of trading in electricity and natural gas. The terms and conditions of the concluded contracts (transactions) do not contain provisions concerning contractual penalties and do not differ from the terms and conditions characteristic for this sort/type of transaction on the market.
